CollegeBoard SAT®

SAT School Day
Give Your Teen the Advantage

More students take the SAT® than any other college admission test. The SAT tests what they're learning in class and will use in college. Taking the SAT is the best way to show off skills and knowledge colleges care about. SAT School Day gives students the opportunity to take the SAT during a regular day at school.

LESS STRESS AND FATIGUE
Students test in a place they know—better rested and prepared.

MORE CONVENIENCE
You don't have to worry about locating or getting your child to a testing site—they test at their own school during regular school hours.

NO WEEKEND CONFLICTS
School day testing won't disrupt weekend plans, responsibilities, or family time.

Nothing builds confidence like practice. Students can access free, personalized test prep with Official SAT Practice on Khan Academy® to help them score their very best! Plus, they can earn money for college through the College Board Opportunity Scholarships program.

Ask your teen's school counselor or principal if their school is offering SAT School Day. *Unlike weekend administrations, schools and districts order SAT School Day, and students sign up through their school.*
