

9th Grade

Congratulations to: **Niyah Taylor**

Niyah is a great role model and is the definition of achievement thus far. She has displayed a passion for mathematics. She currently holds the highest grade in any of the Algebra 1 classes. Niyah blew the first test and quiz out of the water (scoring a 100% on the text and over 115% on the quiz). It is not merely academics that sets her apart. Her classmates love her and she always enters the room with a smile. Her positive attitude and persistence makes her an ideal candidate for student of the month. Her example encourages others around her to do better (including myself). As her teacher, I know she can handle challenging tasks. I want to be sure that finds new ways to challenge and push her to open her mind further!
