

11th Grade

Congratulations to: **Xavion Johnson**

Xavion is a very respectful and smart young man. He is always polite and always come in the classroom ready to learn. When I am instructing and students are distracting, he always makes sure he gets their attention to quiet down so instruction can continue. He is always ready to learn and making sure he understands the subject being taught. He is always responsible always turning in work on time and completing all assignments. He is a true example of a great student.
