

12th Grade

Congratulations to: **JonTra'zze LaCoste**

JonTra'zze LaCoste is the epitome of what is expected of a Woodside Wolverine. He is a compassionate student who "brings good vibes" to school and each biology class. His peers can always count on him if they need help on their assignments or just a shoulder to lean on if they're having a bad day. His altruistic disposition makes him the ideal role model to his peers and community members alike. Besides being an athlete on the WOHS football team, he is a delegate at his church, responsible for attending meetings and making decisions on how to engage youth members in the congregation. JonTra'zze is adamant about studying business marketing in college next year at one of the many schools he has been accepted to! Right, Reason, Responsibility, Respect, and Resilience — JonTra'zze embodies them all! After he graduates, I'm sure he'll represent the best of the Woodside Alumni!
