

# 11th Grade

## Congratulations to: **Sabrina Ubinger**

It has truly been a joy teaching and getting to know Sabrina. This year. She has had the difficult task of transitioning into Woodside midway through the year; and has done so seamlessly. Sabrina has managed to adjust to a new school and all new teachers while maintaining a positive attitude, a strong work ethic and a great sense of humor. I have been so impressed by the standards that Sabrina holds herself to and know that her charismatic personality and dedication to personal excellence will take her far in life.
