

10th Grade

Congratulations to: **Jasmine Knight**

Jasmine is very humble about her accomplishments at school and in the community. The respect she has for her peers and teachers is highly evident and is further exemplified when she talks about her interest in Korean culture. She admires their fashion and routines, but most importantly the way Koreans treat each other, especially elders - "a part of culture seldom seen consistently around the world." She plans to visit Korea as soon as she is given the opportunity. Jasmine is an ongoing member of the Excellence Girls club where she is involved with building character and community skills, a truly commendable endeavor. When she graduates in a couple years, she wants to study digital arts! As a wolverine, Jasmine serves as a perfect ambassador to share the Woodside Way with others as we seek Global Domination. Jasmine is well deserved of any and all recognition for her accomplishments!
